

# Energies of Love

**Waith:** *"Each of you are reflections of your Soul and radiate the love and beauty that comes from your Soul. You are energies of love."*

**Mushiba:** We are all part of The Universal Consciousness and that means we are energies of love and beauty ~ that is our Oneness. It is our sense of separateness that gives us the illusion of non love. Remember the love that you have within Self and look for the love that is within Others.
