

Service

Mushiba: It is good to periodically acknowledge that we are not on this trip alone! During his class, *Call to Be of Service*, Waith said:

Waith: *“Everything that you do is with the help of Angelic Protectors and Spirit Guides ~ and others around you at the concrete.”*

In addition to our Angelic Protectors, Spirit Guides and all the others in different dimensions from where we are now who help us, we are surrounded by others in *this* dimension who help us. *Others* means more than human ~ it is all the different encasements that are part of our lives, including our clothes, furniture, food, water, air, sun... the list is endless.

In my backyard is a beautiful, elegant tree that provides shade and coolness during the warm weather ~ and majestic beauty after snow and ice storms. I love her and periodically give her big hugs!

Let us rejoice in all the help we receive ~ and we, in turn, can Be of Service to them!
