Second Anniversary Session, And Beginning Of Phase II Of Waith's Mission

Thank you all for joining us in this our anniversary of the reunion of Mushiba and I in spirit form onto the earth plane's manifestation. We are very, very pleased that you join us and share with us. We have spent these past two earth plane years preparing the physical encasement of Mushiba for that which is to be, and as we had indicated the last time we spoke in open session that it would be the beginning of a second phase of our mission and we now will give you some hints as to what will begin to be.

As many of you are aware, I have on occasion moved the physical encasement of Mushiba. I have stood, as it is called. I have had from the beginning the mobility that is needed to move rather than simply to sit. We have chosen not to use this form of expression for the beginning stages. We have also chosen not to open the eyes of Mushiba during this time frame for our own reasons.

We have during this time prepared the energy field and the electromagnetic field and the cells of the physical encasement to receive the vibration that is mine at as high a level as is possible for the physical encasement. My vibration, of course, would never fully be able to come through Mushiba simply because of the limitations of the physical encasement.

There is one more major cellular change to occur somewhere halfway through this coming earth plane year. As it is now, the cells are prepared at a very high level. What we will be able to do is to give certain types of healing that while we have been able to on a limited basis in the past send an energy for healing, it will be of a different nature now. We will also be able to guide you in ways higher than we have in the past.

There is about to occur a very major cleansing of the world around you. This is not what we refer to as The Shift which is to come but rather in your own lives and most definitely in the world of the community. We will be here for counsel and consolation many times during this coming earth plane year, for as it becomes more public, the work that Mushiba and I do, there will be tremendous opposition, and the Sons of Darkness are now waging their war very strongly and making their preparations.

This is a time of great joy, for at the time of every major earth plane cleansing, which is about to occur with The Shift, there is an aligning of the dark and the Light, and the disciples of the dark and the Disciples of the Light meet each other, and the Light is able to infiltrate the dark and help those many souls who are a part of the dark and bring them closer and closer to the Light. This is not without its tribulations, however, for those of you who are of the Light and those of you who have been charged with the responsibility of bringing dark into Light, you will be tested very extremely during this coming earth plane year.

We will in our teachings of The Universe be able to give you illustrations. You have known in the past of my frustrations at trying to describe something to you. I have tried to use these hands. This has been difficult. These open sessions will take on the form of Universal teachings to a much greater degree than they have in the past.

Waith Guides A Meditation Circle ~ In Preparation Of Waith Opening The Eyes

We now want you to prepare for what is about to be shown to you. We would ask you all to hold hands. We will have a brief meditation. (Everyone forms a meditation circle, holding hands) Each of you now breathe deeply in through the solar plexus and breathe in deeply holding the breath in your body and now expelling it through your mouth. Do this three times. A second time now, deeply, deeply, breathing out through the mouth, and now the third time breathing in deeply, deeply and out through the mouth.

And now concentrate your energies upon your third eye and surround it with the Light and surround with a ball of White Light. And call upon your guides for protection and call upon The Universal Consciousness and the Highest of the White Light, which is the One, and call upon Amelius. And now make your connection in quietness. (There is a period of silence as this is done) And now take your own White Light and spread it to all in the vibration now so that all are protected. Give each other protection. And now as you slowly return to the conscious state release your hands from each other and hug each other. (Group laughter and hugs around the room)

You have all done well. You are prepared now and will be given the opportunity to see my soul, for from now until we no longer do our mission, which is when Mushiba finally can leave ☺ ☺ ~ some time to go ~ the eyes will be open. You will be seeing not Mushiba's eyes, for she is not here in the physical encasement. She is right by my side, if you will, but she is not, her energy is not in the physical encasement. She hears what occurs but she is not here. I will be able through an energy that has been developed now to see you.

It will be important that you all understand that it is not Mushiba. You will come to know the difference. It will be very easy to know the difference. For there will be times when I will be with her when others may think that it is her. (Surprise from gathering) We will now open the eyes and you will see my soul. I will reveal this as a gift to you and then once you have seen my soul you will then see that which will be present in the eyes which will not be my soul but rather my essence. (Waith opens the eyes and looks at each person in the room)

We send you the energy from the very Highest and the very, very Highest of the White Light. My essence now comes. (There is a period of silence as Waith shows his essence through the eyes to those gathered)

What do you all think?

Wonderful! How do we look? 😊😊

Wonderful.

That is the dog! (Someone refers to Barnabus who is panting nearby)

Waith And The Others In The Spirit Group Will Now Be Able To Stand And Write

We have waited for this time when we would be able to communicate with you in this manner. It is much more effective for us, and in a short time you will all be meeting the others who will also be able to manifest through Mushiba with the eyes open. We will move about and we will be able to address you very specifically. We will have here something on which to write and I will be able to show to you those issues of The Universe that are most important. It will make it easier now to give you some of these complex concepts of which we have spoken, be able to show you and then for all of you to disseminate that information to those appropriate for the dissemination. We are now able to stay into the physical encasement of Mushiba for long periods of time. It will grow longer.

This time now will end, for we want you all to enjoy the fellowship of each other! And we want you to digest that which has now occurred and to understand at your Soul Level as well as your conscious level the magnitude of what is about to occur from now until the time of departure of Mushiba's soul and thus of my communication with all of you. The number of years, of course, is much to Mushiba's chagrin. 😊😊

We have special blessings for you all. This is a blessing different from what I give you when I leave. This is a blessing that has the accumulated energies of the other six in Waith and Company.

Now we must depart. It is not that we want to, 😊 but we must, and we will be with you as you enjoy each other's friendship and love during this time of renewal, the beginning of the New Year which heralds the beginning of accelerated preparation for The Shift. I must sit, for Mushiba is not accustomed to this and when she returns, she wants to be seated. This will not be in the future. She will be able, in turn, not to feel funny about my standing. She will be accustomed to finding me in various poses. And now the blessing from the very Highest of the White Light from the Highest of The Kingdom of Amelius. Farewell. It is so delightful to see you all!
